Healthy Doggie Hygiene

What we put on our dog's skin can have a huge impact on their health. We want to make sure we are always using healthy options inside and out!

Shampoo:

4-Legger organic shampoo, we use the CBD version
4-Legger All Natural USDA Certified Organic Dog Shampoo

Make your own:
Mix in a squirt bottle:
2/3 Dr. Bronner Unscented Castile Soap
1/3 organic Almond oil
Mix, shake and squirt!

Toothpaste
Coconut oil
This is what I use: https://www.nutiva.com/products/organic-virgin-coconut-oil
I love this option as my dogs now LOVE to have their teeth brushed. This was recommended by a doggie dentist on a recent podcast

Licki Mat
This is great to use in the tub or outside the tub to keep your dog occupied during nail trims

Wipe Down Cloth
If you have a sensitive dog, skin issues or just want to wipe them down after being outside, a Norwex or microfiber cloth is great to use. I keep one in my van to wipe my dog's feet off

Nail Grinder
This is a great, inexpensive nail grinder. Easy to handle and minimal vibration.
